ZEN DESIGN by Rennen International

Rennen International proudly presents the new line of ZEN Design Performance Wheels.

The new ZEN lineup combines strong lightweight components and state-of-the-art racing technology formulated to increase racing performance and provide ultimate aftermarket styling.

ZEN Design features a variety of coatings and finish, from the revolutionary mirror polished lip to the new glossy black finish. Custom painted and drilled wheels available, please inquire for further details.

Limited Edition - Blackout Series * Wheels are available in other coatings.
