Rennen International

For over a decade, Rennen International has been one of the world's leading international distributors for automotive aftermarket wheels. Rennen International has been positioned strategically to become an international powerhouse for wheel manufacturing, distribution, and design. The company prides itself in always being able to constantly "reinvent the wheel" and for always staying a step ahead of all competition. For two consecutive years, 2009 and 2010, Rennen International has been honored and recognized by the INC 500, as being one of the top 500, "Fastest growing companies in the US" and awarded membership to its very elite and exclusive club, whose members include the likes of such companies as Google, Zappo's and Facebook. From artistic creation, to engineering, to production and sales, we put 100% behind each step in the process, so that we can ensure the highest level of customer satisfaction. With bi-coastal manufacturing and distribution locations in New York and Los Angeles Rennen can efficiently manufacture and distribute product in the fastest turnarounds times known in the industry. Rennen International provides products that tap into virtually every single market segment:

- a. **DONZ Forged Series** – The epitome of luxury alloy multi-piece wheels hand crafted in the USA with forged 6061-T6 aluminum alloy, built to order, and specifically tailored for each vehicle based on the customer's wants and needs.
- b. **DONZ PRO-Series** – Imported one piece luxury staggered wheels with stainless steel lips.
- c. **Rennen Forged** – Lightweight one piece and multi-piece forged performance wheels. Styling for the enthusiastic – classic wheel designs with very fine details with a perfect balance between performance and aggressive styling.
- d. **Rennen Blue Label** – Premium cast 1pc performance alloys for your luxury sedan or SUV.
- e. **Rodtana Designs** – Retro hot rod wheel styles with a modern twist for your American muscle car and/or SUV. Styles Available in one piece and multi-piece forged as well as limited edition styles available in cast.
- f. **Estrella Luxury Alloys** – Luxury 1PC cast chrome or black painted wheels
- g. **ONYX Luxury Collection** – New Line released in 2010 "Blacked-Out" style luxury 1pc cast wheels, however, the same wheels are also available in Chrome.
- h. **ZEN RACING WHEELS** – Lightweight one pc cast aftermarket tuner wheels for your sport compact luxury car or sedan.
- i. **Private Label Wheel Manufacturing** – Rennen offers private label manufacturing for any wheel company, large or small, they specialize in aluminum alloy wheel manufacturing for 1pc 2pc and 3pc with variety of material composition and construction options.

Rennen International is the one-stop shop for all your wheel needs, from custom manufacturing forged one-off sets to mass production of some of the latest and greatest cast wheels. Rennen International is a company that fully understands all spectrums of the wheel market and can custom tailor a product to fit your market. This company constantly strives to meet the demands of end-consumers to exceed the expectations of their products and innovate the marketplace.
