

# RENNEN MODULAR

RM5 CONCAVE

## PERFORMANCE | DESIGN | PERFECTION

Introducing **RENNEN MODULAR** Concave Series performance wheels. A beautiful combination of class, style, and high performance, Rennén forged wheels are manufactured from the highest quality 6061 T6 heat treated aerospace grade forged aluminum. Each Rennén wheel has strategically engineered lightener pockets for ultimate weight savings and durability that will dramatically increase the performance of your vehicle. Concave Series available from 18" to 24" offer in 3piece - 2piece - 1piece forged monolicht wheel - with more styles - custom colors and finishes.

MADE IN USA
